CJ MOBILE NOTARY SERVICE, CLOVIS JACKSON 770-328-9242

GRASS CLIPPINGS!!!

Homeowners, please see to it that you or your landscaping company are not disposing of your grass clippings in to street or in the drainage opening. This has become a major issue in the past year. Grass clippings are not being disposed of in a timely fashion after lawn maintenance. Clogging of our drainage system can cause major issues and costs to the neighborhood. As a result, the AF Board will be issuing warnings and fines to the homeowner for subsequent violations. Unpaid fines will be added to your annual dues.

WHAT THE POOP??

Homeowners, there have been multiple complaints of owners walking their dogs, allowing them to poop on other neighbor's lawns, and not disposing of their dog's waste. This is prohibited in Ashley Forest and just really disrespectful of your neighbor's property. Please continue to walk your pets in the neighborhood, but bring the necessary items to dispose of your dog's waste. If you are seen leaving your pet's waste, you will be warned and subsequently fined. Unpaid fines will be added to your annual dues.

SLOW DOWN

25 MPH

Some of the best things about our neighborhood are the walkers, pet owners casually walking their pets, kids waiting for buses or riding bikes. Let's protect each other.

OVERNIGHT STREET PARKING

IS PROHIBITED

Do not park your car or allow your guests to park on the street overnight. After first warning, the homeowner will be fined in increments of \$25. For example, \$25 first violation, \$50 for second.
